👨🏽‍💻 WORK EXPERIENCE

Paytm Money - Product Designer
Bangalore | Aug 2020 - present

- Currently working on Paytm Money's new set of products in Equity such as IPO, Stocks, etc.
- I'm working closely with Product managers to synthesize the requirements and build the digital experience.
- Due to the Pandemic, I moved to Paytm Money from Paytm Travel wanting to explore the Fin-tech domain.

Paytm Travel - Product Designer
Bangalore | Feb 2019 - July 2020

- In Paytm Travel, I was assigned to work on Corporate Travel (B2B), growth, and several other customer-facing products.
- Major projects: Flight B2B, Flights modification, Flights fare alerts, Travel Pass, Design System for Travel, Metro route search & Recharge flow among others.

Paytm Travel - UX Design Intern
Bangalore | Jun 2018 - Dec 2018

- Designed end to end product flow, UX & UI for Paytm Activities.
- Followed Double Diamond Design Process with a primary focus on Competitor Analysis, Information Architecture, User Journeys, and delivering high fidelity prototype.
- The project was accomplished as a part of the Graduation Thesis for NID's M.Des curriculum. Eventually, I was offered to join a full-time role.

Heymath! - UX Design Intern
Chennai | Jun 2017 - Jul 2017

- Worked on UX & UI of two educational products - Prism and Prasso for the Heymath stakeholders based in South Africa.
- In addition, I also designed the logo and other visual collaterals for the same.
